

# HERMOSA HERALD

October 2007

## Want to work at Hermosa this summer?

IT'S HARD TO IMAGINE SUMMER WHEN THE WEATHER OUTSIDE IS FRIGHTFUL, BUT HERMOSA'S HIRING COMMITTEE IS HARD AT WORK MAKING PLANS FOR 2008.

If you are interested in spending the summer serving God as a member of the perm staff at Hermosa, go to <http://camphermosa.org/permstaff.htm> - there is a link to an application form. You can download this form and either print it & mail it to the address provided, or email the completed application to [hiring@camphermosa.org](mailto:hiring@camphermosa.org) (this is the preferable method).

The clock is ticking! If you hope to be among the chosen few to spend their summer at camp, you need to send your form in by December 31!

If you have any questions about the application or the hiring process, send them to [hiring@camphermosa.org](mailto:hiring@camphermosa.org).

# Ian's Christmas Wish List

Over the years I've given much thought to things that I believe would enhance the Hermosa experience. On different days I have different ideas and they are sometimes as fanciful as rebuilding the camp facilities from scratch. However, if one wanted to grant my Hermosa Christmas wishes, these are some things that come to mind this month.

- A snow fence to wrap the breezeway off the dining hall so we can play floor hockey without losing the ball.
- A graded switch-back trail to the beach that is wheelchair accessible.
- A picnic shelter on a concrete pad so there's another covered area to do stuff in the rain.
- Solar roof panels or even a windmill on the property to make us even greener & environmentally friendly.
- A zip line to the beach.
- Finishing the sift down in the water at the base of Jacob's Ladder that Nigel Baker and others have tossed rocks into over the years.
  - A history room at the camp where we can keep all the old photos and historically significant stuff for everyone to enjoy.

There's always more, but much of this list touches my heart and makes me think to the next 50 years of camping ministry.

Pops

The Marketing & Promotions Committee has been working like a team of elves on the 2008 brochure, which will arrive in your mailboxes before you know it. In the meantime, the 2007 Christmas card has been mailed out, along with a donation form.

Please think of Camp Hermosa for any year-end charitable donations.
